## **CATCH THE BUS TO THE ROYAL HOBART HOSPITAL**

Metro Tasmania makes it easier and cheaper to connect with the RHH and avoid CBD parking

## Planning your trip

To find a bus to suit you, visit the Metro website or app to use the Trip Planner: select where you are travelling from and when you want to leave or arrive, and it will show you how to get there. You can even plan a trip in the future, or filter results to only show low floor buses.

## Riding the bus

Get to the bus stop five minutes early and look for the route number on the front of your bus. Give your driver a wave as they approach, so they know you want to board.

## Accessibility

Nearly 80% of Metro services are low-floor, indicated by a wheelchair icon on timetables.

## Greencard

Use a Greencard instead of cash to save 20% on all fares and make boarding easier. It's a smart card you can load with fare credit, and offers free transfers between buses within 90 minutes and a low capped fare for unlimited urban daily travel.

## Concessions

Concession fares apply to children, students, and the following cardholders:

- Health Care Card
- Pensioner Concession Card
- Seniors Card
- Evidence of Immigration Status Card
- Residence Determination ImmiCard
- Tasmanian Concession Card
